ORGANIZATION PROFILE

2025

We exist to empower boys through education, mentorship, and skill-building programs that nurture their potential.

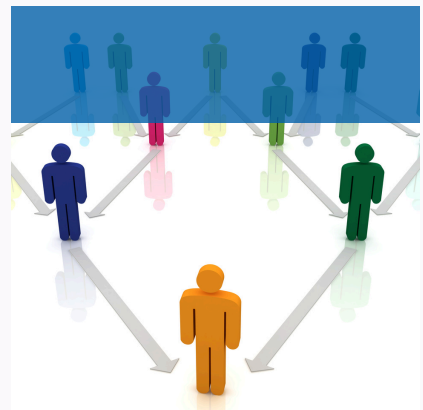

The past few years have presented significant challenges for communities across Kenya and the world. The ripple effects of the COVID-19 pandemic disrupted education, strained family structures, and deepened social and economic inequalities — especially among vulnerable boys and young men.

Glorious Renewal Foundation, a non-profit faith driven charity organization, remains steadfast in our mission to empower the boy child through mentorship, education, and holistic support. Recognizing that recovery is both a community and individual journey, we have strengthened our outreach programs, implemented safe engagement practices, and continued to provide hope and direction for the youth we serve.

THE CHALLENGE

The Boy Child Has Been Overlooked

The boy child today faces growing neglect, limited mentorship, and unequal access to education and opportunity. These challenges often lead to school dropouts, substance abuse, and social disengagement. At Glorious Renewal Foundation, we recognize this as a critical issue — one that demands structured intervention, guidance, and empowerment to secure a balanced and progressive future for our communities.

PROBLEM

We address the broader issues affecting the boy child from a holistic perspective — including education inequality, unemployment, mental health challenges, and lack of mentorship.

OPPORTUNITIES

We view the challenges facing the boy child not as obstacles but as opportunities for transformation. Our method combines mentorship, education, spiritual guidance, and community engagement — empowering boys to rebuild confidence, discover purpose, and take charge of their future.
